ARRAN MALTS

Why not try our recommended range?

Today the Arran distillery is the only one on Arran. Back in the early 1800s there were many small stills to be found across the island. Not all of them were legal, but all made superlative spirit. They make Whisky the old way. It's not the easiest or the cheapest way, but it's the best.

The best of Africa in every bottle!

Amarula £3.25

Made from the delicious Marula fruit of sub-Equatorial Africa, the Marula spirit is distilled and aged in French oak for two years. It is then blended with our velvety cream to create the smooth taste of Amarula – best savoured over ice, preferably with a view. On the wide-open plains of Africa grows a tree uncultivated by man. The Marula tree, or 'Sclerocarya Birrea', only grows in one area on the entire planet – the warm, frost-free regions of subequatorial Africa. It holds a position of importance both in the animal kingdom and in human legend and ritual, and it is from the fruit of this mystical tree that Amarula cream is borne.
